

## COVID-19 Response

Burris Equipment is 100% committed to the safety, health, and welfare of our employees, customers, vendors, and the communities in which we serve. In an effort to aide in the reduction of the exposure of this evolving health pandemic known as Covid-19, we are implementing some changes at all of our Physical Locations.

**Effective 5/18/20** we are allowing Limited Access to all our facilities . What this means is, we will be restricting access to our stores to a max of 10 customers at a time . However, you must wear a face mask and you must practice 6 ft safe distancing when in our facilities. We are providing hand sanitizing stations in the stores and if you don't have a mask let us know and we will provide you with a disposable mask. We will also be sanitizing high touch areas; including counters, work surfaces and signature devices continually. In addition, if you prefer, we are still offering curb side pickup of all equipment, parts, rentals and repairs at each location.

Rest assured, we are **100% Open for Business**, we will continue to offer 24/7 Emergency Services, onsite services at your facility and we are exploring all available options to get our customers the equipment, parts, and services which are crucial to their successes. We are dedicated in continuing to provide the best customer service in the industry, while also helping our customers keep their operations up and running.

Below are the Direct Phone Numbers & Email Address to Each Department at Each Location for all your needs. We are continuing to offer Curbside Pickup of all Equipment, Parts, Rentals, and Repairs at each location (Just give as a **Call** when you arrive, and we will bring them to your vehicle). For the Duration of our Spring Flyer (6/15/20), we are offering Free Delivery on all orders over \$1,000 of products, parts, and/or equipment from the Flyer. 50 Mile Radius maximum.
